

Free Dental Services Available During "Dentist With a Heart"

Aurora Children's Dental Services has organized the 12th annual "Dentist With a Heart" scheduled for February 6-15, 2013.

Twenty-eight area dentists from throughout the Fox Valley will open their doors to the needy, offering free services during specific times. Over the last 11 years the free services provided to the people of the Fox Valley have totaled \$1,033,786. Yes, the services are FREE.

No appointments are needed, and calls at the dentist offices will not be taken. Simply arrive at the location selected prior to the starting time listed for that office. Patients will be treated on a first come, first serve basis. Be sure to arrive early to ensure your chances of receiving treatment that day. Services are limited to patients over the age of 3 years and an adult must accompany anyone under 18. No proof of income or need is required.

Free services for the day (unless noted) include: cleanings, x-ray, diagnostic services, fillings and extractions. Dentists will not be able to provide more involved services such as crowns, bridges, root canals and dentures due to time constraints.

For additional information www.dentistwithaheartonline.org.
